PROFILE

In 2012, I formed Safely Intact LLC. My goal was simply to share with others what I have been fortunate to have learned or experienced. I enjoy the opportunity to train and interact with those eager to learn. I am excited to do as much as I possibly can to give others a sense of safety and empowerment.

SKILL DEVELOPMENT EXPERIENCE

1981 - 2017

Sworn Peace Officer – State of Ohio Municipal – Township - County

I have been blessed to have proudly served as a Police Officer, Police Sergeant, Sheriff's Captain of Operations, Village Administrator and Chief of Police before retiring after 36 years of service. I maintain a sworn Special Deputy status.

I have vast administrative experience in all areas including training, policy development and leadership. I was both a Crisis Negotiator as well as Incident Commander for a Special Response Team having successfully resolved dozens of critical incidents. I was also appointed to serve as the Law Enforcement Liaison on a county Local Emergency Planning Committee.

I held an Ohio Peace Officer Training Academy Basic Instructor Certificate as well as a Firearm's Instructor Certificate. Before retirement I also served as an Adjunct Instructor at a local community college.

2004 - 2017

Internet Crimes Against Children Investigator Ohio ICAC Task Force Affiliate Member

One of the most challenging, and rewarding, responsibilities in my career was to conduct online ICAC investigations. My work gave me a unique perspective on the online dangers and risks that we face, especially our children.

I successfully arrest and prosecute numerous online offenders, all of whom were expecting to meet a child for sex. They are now all registered sex offenders.

My message about internet safety is fueled by my passion to share my experience and perspective posing as a child online. I simply can't talk about this subject often enough.

2012 - Present

Church Safety Team Member/Trainer Cedar Creek Church (Perrysburg, Ohio)

I am so pleased to be a member of Cedar Creek Church and to serve with and assist in training their Safety Team.

Cedar Creek's team allows both armed and non-armed members to serve, all of whom who are extensively trained in active shooter response, crisis intervention, observation techniques and strategies. Their teams are diverse and skilled and they work diligently to serve others by ensuring their safety. They believe in the "Worship without Worry" philosophy.

2012 - Present

Business Owner – Safely Intact LLC Safely Intact LLC – Frankly Visual Photography Vertical Viewtography

In addition to providing training and consulting services, I am also a professional photographer. I hold a FAA Part 107 Commercial Remote Pilot's Certificate.
